7.1 Rates for Services. The rates for all Services shall be as shown on Exhibits A-1 and B, subject to the rate adjustments and additional fees and costs as set forth herein.

Any of the foregoing cost adjustments shall be retroactive to the effective date of such increase or change in cost.

8. Invoicing; Payment; Service Suspension; Audits.

8.1 Invoicing the Village. The Village shall invoice and collect from all Residential Units and Municipal Facilities Customers for Services provided by Company pursuant to this Agreement. The Village shall report to Company on semi-annual basis. Company shall invoice the Village for the number of addresses that were billed by the Village within fifteen (15) days of receiving the Village’s address count each month, and the Village shall pay Company’s invoices.

8.2 Payment. The Village shall pay each of Company’s invoices without offset within twenty (20) days of receipt Company’s invoice. Payments may be made by check or ACH only; no purchasing cards or credit cards will be accepted. If Company is invoicing the Village, Village shall pay Company’s invoices in full irrespective of whether or not the Village collects from the Customers for such Service. Payments not made on or before their due date may be subject to late fees of one and one-half percent (1.5%) per month (or the maximum allowed by law, if less). If the Village withholds payment of a portion or entire invoice and it is later determined that a portion or all of such withheld amount is owed to Company, such amount shall be subject to the late fees provided herein from the original due date until paid.

- 8.3 Service Suspension.

8.3.1 Unpaid Invoices. If any amount due from the Village is not paid within sixty (60) days after the date of Company’s invoice, Company may suspend Services until the Village has paid its outstanding balance in full and/or terminate this Agreement. If Company suspends Service, the Village shall pay a service interruption fee in an amount determined by Company in its discretion up to the maximum amount allowed by Applicable Law.

8.3.2 Suspension at Direction of Village. If the Village wishes to suspend or discontinue Services to a Customer for any reason, the Village shall send Company a written notice (email is acceptable as long as its receipt is acknowledged by Company) identifying the Customer's address and the date the Services should be suspended or discontinued. In the event of Service suspension, the Village shall provide additional email notification to Company if/when it wishes to reactivate the suspended Services. Upon receipt of a notice of reactivation, Company shall resume the Services on the next regularly scheduled collection day. The Village shall indemnify, defend, and hold Company harmless from any claims, suits, damages, liabilities or expenses (including but not limited to expenses of investigation and attorneys' fees) resulting from the suspension or discontinuation of any Services at the direction of the Village.

8.4 Audits.

8.4.1 Audit of Village Billings. With respect to any Services in which the Company's billing is dependent upon the Village's reporting of the number of addresses subject to this Agreement, the Village shall perform an audit at least once each year to confirm that all addresses receiving Services under this Agreement are actually being billed by the Village and that the Village's reporting on such addresses is accurate. The Village shall share all findings and documentation with respect to such audits with Company. In addition to the foregoing, Company shall be permitted to conduct its own address counts using manual counts and/or official parcel maps. If at any time Company presents to Village data to support that the number of addresses serviced exceeds the number provided by the Village, the parties agree to re-negotiate in good faith the number of addresses receiving and paying for services under this Agreement.

8.4.2 Audit of Company Records. The Village may request and be provided with an opportunity to audit any relevant and non-confidential records of Company that support the calculations of charges invoiced to the Village under this Agreement within the ninety (90) day period before the audit request. Such audits shall be paid for by the Village and shall be conducted under mutually acceptable terms at Company's premises in a manner that minimizes any interruption in the daily activities at such premises.

9. Termination. If either party breaches any material provision of this Agreement and such breach is not substantially cured within thirty (30) days after receipt of written notice from the non-breaching party specifying such breach in reasonable detail, the non-breaching party may terminate this Agreement by giving thirty (30) days' written notice of termination to the breaching party. However, if the breach cannot be substantially cured within thirty (30) days, the Agreement may not be terminated if a cure is commenced within the cure period and for as long thereafter as a cure is diligently pursued. Upon termination, the Village shall pay Company only such charges and fees for the Services performed on or before the termination effective date and Company shall collect its equipment, and Company shall have no further obligation to perform any Services under this Agreement.

10. Compliance with Laws. Company warrants that the Services will be performed in a good, safe and workmanlike manner, and in compliance with all applicable federal, state, provincial and local laws, rules, regulations, and permit conditions relating to the Services, including without limitation any applicable requirements relating to protection of human health, safety, or the environment ("**Applicable Law**"). In the event any provision of this Agreement conflicts with an existing ordinance of the Village, this Agreement shall control and Company shall not be fined, punished, or otherwise sanctioned under such ordinance. Company reserves the right to decline to perform Services, which, in its judgment, it cannot perform in a lawful manner or without risk of harm to human health, safety or the environment.

11. Title. Title to Waste Material shall pass to Company when loaded into Company's collection vehicle or otherwise received by Company. Title to and liability for any Excluded Waste shall at no time pass to Company.
12. Excluded Waste. If Excluded Waste is discovered before it is collected by Company, Company may refuse to collect the entire waste container that contains the Excluded Waste. In such situations, Company shall contact the Village and the Village shall promptly undertake appropriate action to ensure that such Excluded Waste is removed and properly disposed of by the depositor or generator of the Excluded Waste. In the event Excluded Waste is present but not discovered until after it has been collected by Company, Company may, in its sole discretion, remove, transport, and dispose of such Excluded Waste at a facility authorized to accept such Excluded Waste in accordance with Applicable Law and, in Company's sole discretion, charge the Village, depositor or generator of such Excluded Waste for all direct and indirect costs incurred due to the removal, remediation, handling, transportation, delivery, and disposal of such Excluded Waste. The Village shall provide all reasonable assistance to Company to conduct an investigation to determine the identity of the depositor or generator of the Excluded Waste and to collect the costs incurred by Company in connection with such Excluded Waste. Subject to the Village's providing all such reasonable assistance to Company, Company shall release Village from any liability for any such costs incurred by Company in connection with such Excluded Waste, except to the extent that such Excluded Waste is determined to be attributed to the Village.
13. Equipment; Access. Any equipment that Company furnishes or uses to perform the Services under this Agreement shall remain Company's property. The Village shall be liable for all loss or damage to such equipment, except for normal wear and tear, or loss or damage resulting from Company's handling of the equipment. Village and Customers shall use the equipment only for its proper and intended purpose and shall not overload (by weight or volume), move, or alter the equipment. The Village shall fully reimburse Company for any and all claims resulting from personal injuries or death, or the loss of or damage to property (including the equipment) arising out of the use, operation, or possession of the equipment by the Village or the Customers. If the equipment and/or Waste Material is not accessible so that the regularly scheduled pick-up cannot be made, such Waste Material will not be collected until the next regularly scheduled pick-up, unless the Customer calls Company and requests an extra pick-up, in which case an extra service charge will apply. Company shall not be responsible for any damages to any property or equipment located adjacent to the collection receptacles, nor to any pavement, curbing, or other driving surfaces resulting from Company's providing the Services under this Agreement.
14. Risk Allocation. Except as otherwise specifically set forth herein, each party shall be responsible for any and all claims for personal injuries or death, or the loss of or damage to property, only to the extent caused by that party's negligence or acts of willful misconduct or those of its employees, contractors, subcontractors, or agents.

Such certificate will also provide for thirty (30) days prior written notice of cancellation to the Village, show the Village as an additional insured under the Automobile and General Liability policies, and contain waivers of subrogation in favor of the Village (excluding Worker's Compensation policy) except with respect to the sole negligence or willful misconduct of Village.

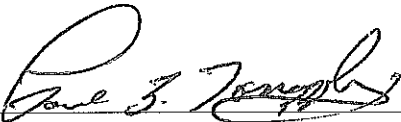

16. Force Majeure. Except for Village's obligation to pay amounts due to Company, any failure or delay in performance under this Agreement due to contingencies beyond a party's reasonable control, including, but not limited to, strikes, riots, terrorist acts, compliance with Applicable Laws or governmental orders, fires, bad weather and acts of God, shall not constitute a breach of this Agreement, but shall entitle the affected party to be relieved of performance at the current pricing levels under this Agreement during the term of such event and for a reasonable time thereafter. The collection or disposal of any increased volume resulting from a flood, hurricane or similar or different Act of God over which Company has no control, shall not be included as part of Company's service under this Agreement. (b) Company shall have no confidentiality obligation with respect to any Waste Materials. (c) Neither party shall assign this Agreement in its entirety without the other party's prior written consent, which consent shall not be unreasonably withheld. Notwithstanding the foregoing, Company may assign this Agreement without the Village's consent to its parent company or any of its subsidiaries, to any person or entity that purchases any operations from Company or as a collateral assignment to any lender to Company. This Agreement shall be binding upon and inure solely to the benefit of the Parties and their permitted successors and assigns. (d) Company may provide any of the Services covered by this Agreement through any of its affiliates or subcontractors, provided that Company shall remain responsible for the performance of all such services and obligations in accordance with this Agreement. (e) No intellectual property rights in any of Company's IP are granted to Village under this Agreement. (f) All provisions of the Agreement shall be strictly complied with and conformed to by the Parties, and this Agreement shall not be modified or amended except by written agreement duly executed by the undersigned parties. (g) If any provision of this Agreement is declared invalid or unenforceable, it shall be modified so as to be valid and

enforceable but so as most nearly to retain the intent of the Parties. If such modification is not possible, such provision shall be severed from this Agreement. In either case, the validity and enforceability of the remaining provisions of this Agreement shall not in any way be affected thereby. (h) Failure or delay by either party to enforce any provision of this Agreement will not be deemed a waiver of future enforcement of that or any other provision. (i) If any litigation is commenced under this Agreement, the successful party shall be entitled to recover, in addition to such other relief as the court may award, its reasonable attorneys' fees, expert witness fees, litigation related expenses, and court or other costs incurred in such litigation or proceeding. (j) This Agreement shall be interpreted and governed by the laws of the State where the Services are performed. (k) Customer and Company agree that electronic signatures are valid and effective, and that an electronically stored copy of this Agreement constitutes proof of the signature and contents of this Agreement, as though it were an original.

IN WITNESS HEREOF, the parties have entered into this Agreement as of the date first written above.

SPECIFICATIONS & PRICING FOR RECYCLING SERVICES

1. Recycling Services Definitions.
 - 1.1 “**Recyclable Materials**” are used and/or discarded materials that are capable of successful processing and sale on the commodity market.
 - 1.2 “**Acceptable Material**” means the materials listed in Section 8 below.
 - 1.3 “**Unacceptable Material**” means the materials listed in Section 9 below. All Recyclable Materials collected for delivery and sale by Company shall be hauled to a processing facility selected by Company for processing (“Recycling Services”).
2. Village’s Duty. Village shall make a commercially reasonable effort to educate its Customers regarding Acceptable and Unacceptable Materials and to encourage its Customers to place only Acceptable Materials in their recycling containers.
3. Right to Inspect/Audit. Company may visually inspect the collected Recyclable Materials to ensure loads are at or below the Unacceptable Material Threshold. If Company’s visual inspector determines that loads of Recyclable Material are consistently above the Unacceptable Material Threshold, Company will notify Village of the issue and the parties agree to promptly negotiate in good faith (a) an agreed upon procedure to audit a representative sample of Village’s Recyclable Material to determine its actual composition of Unacceptable Material; and (b) an updated Collection and Processing rate commensurate with the composition of Unacceptable Material.
5. Recycling Commodity Credit. Company shall return 100% of Village’s recycling commodity value to Village each month. Village’s “**Recycling Commodity Credit**” shall be determined by multiplying the per-ton market value of the processing facility’s Average Commodity Mix by the number of tons of Recyclable Material collected from Village and processed each month. The processing facility’s “**Average Commodity Mix**” means the relative mix of outbound commodities (including Residue), established pursuant to either (i) a minimum rolling 3-month facility average composition (subject to adjustment as necessary by Company) or (ii) a composition audit or an average of audits over a 12-month period (if any). The processing facility’s Average Facility Commodity Mix is set forth in the attached Exhibit B-1. The per-ton value of the processing facility’s Average Commodity Mix shall be determined each month by applying the most recently-available indices or actual values (as set forth in Exhibit B-1) to the facility’s Average Commodity Mix including any negative commodity market values and Company’s charges for hauling and disposing of contaminated, unmarketable and/or Unacceptable Material (“**Residue**”).
6. Reporting and Credit. Company will provide Village with a monthly report detailing the total tons of Recyclable Material received from the Village during the previous month and the calculation of Village’s Recycling Commodity Credit for that month. If the Village’s account is billed in the aggregate to the Village, the previous month’s Recycling Commodity Credit will be issued as a credit on the next month’s invoice to the Village (if the Recycling Commodity Credit exceeds the Village’s invoice amount, then Company will issue a check to Village for the balance of its Recycling Commodity Credit). If the Village’s account is Customer-billed, then Company will issue a check to Village for its full Recycling Commodity Credit each month (in arrears).
4. Changes in Market Conditions. If market conditions develop that limit or inhibit Company from selling some or all of the Acceptable Material, Company may at its option and upon notice to Supplier (i) redefine Acceptable and Unacceptable Materials, (ii) update the processing facility’s Average Commodity Mix; (iii) suspend or discontinue any or all Services, or (iv) dispose of the Acceptable Material (as currently defined) in a

landfill and update the pricing to Village accordingly. Any such actions, if taken, may be reversed or further changed as market conditions dictate.

5. Acceptable Material. All material must be empty, clean and dry. Company may modify the following list of Acceptable Materials in its sole and absolute discretion but will provide Village with at least thirty (30) days' prior written notice of any such modifications.
