Cobden's History

The Village of Cobden was founded in 1857 during the construction of the Illinois Central Railroad. The downtown uniquely circles the railroad tracks. Cobden is known for its great variety of peaches, apples, and vegetables. The area is home to many orchards and farms. The highlight of the season is the Cobden Peach Festival during the first Friday and Saturday in August.

Today Cobden is nestled among the wineries of Southern Illinois and features several great eating establishments, a museum, and some unique shops.

A unique part of Cobden's history is the "Amazing Appleknockers" basketball team which placed second in the 1964 Illinois State Basketball Tournament (before the establishment of divisions). More recently the school's softball team won three state championships and the boy's baseball team also claimed a championship.

We invite you to enjoy Appleknocker hospitality and see what our community has to offer.
