11-8-21 DRUG FREE WORKPLACE. All employees, as a condition of employment, shall comply with the Village's Drug Free Workplace Policy that is found in this Division. Public works employees and call-takers are subject to random drug testing in compliance with the mandatory guidelines for federal workplace drug testing. (#2023-1040; 3/06/2023)

11-8-22 PURPOSE OF POLICY. Drug abuse affects all aspects of our lives - it threatens the workplace as well as the home, the school, and the community. The Village must take a firm stance against illicit drug use. The use of drugs, which term for the purposes of this policy shall include alcohol in the workplace, is unacceptable since it can adversely affect health, safety, and productivity, as well as public confidence and trust. When drug use and/or involvement interferes with an employee's efficient and safe performance of work responsibilities and/or reduces the employee's dependability and accountability, it creates a problem for the whole organization.

Drug abuse inflicts notable human expense. Personal tragedies, feelings of anxiety and depression, and diminishing coping skills are reflected on an individual level. Dysfunctional and strained relationships mark the heavy burden felt by the families of the drug and alcohol abuser.

The cost of drug abuse, both on a personal and organizational level, is unacceptable. The rising incidence in substance abuse makes it imperative that the Village combat this issue by implementing a zero tolerance policy of drug use in the workplace.

11-8-23 DRUG FREE WORKPLACE STATEMENT. The unlawful manufacture, distribution, dispensation, possession or use of a controlled substance, including cannabis, is prohibited in the workplace. Controlled substance means a controlled substance as defined in the Illinois Controlled Substances Act or cannabis as defined in the Cannabis Control Act. Disciplinary action, up to and including dismissal can be taken against employees for drug violations.

All employees will, as a condition of employment:

- (A) Agree not to manufacture, distribute, dispense, or possess controlled substances, cannabis or alcohol in the workplace.
- (B) Notify their respective Superintendent of any arrest or conviction of any local, state or federal criminal drug statute no later than **twenty-four (24) hours** after such arrest or conviction.
- (C) Abide by the conditions set forth in this statement. (#2023-1040; 3/06/2023)

11-8-24 VIOLATIONS.

- (A) Employees are subject to discipline, including discharge for violation of the above policy.
- (B) Require the satisfactory participation and completion of a State licensed drug rehabilitation program, as sanctioned by the employer.
- (C) The Village shall notify the appropriate State Agency from which grant funds were received of the employee's conviction within **ten (10) days** after receiving notice from an employee of any criminal drug statute conviction for a violation in the workplace.

11-8-25 EMPLOYEE ASSISTANCE. A referral network to assist those who may be experiencing problems with drugs and/or alcohol will be established for all Village employees.

11-8-26 STATUS OF EMPLOYMENT; REHAB COSTS. There is no requirement by the employer to keep an employee on active employment status who is receiving rehabilitative treatment if it is determined that the employee's current use of drugs prevents the individual from performing work

related duties or whose continuance on active status could constitute a threat to the property and/or safety of others. The employee shall pay for all costs of rehabilitation. The employee may use accumulated paid leave, and take unpaid leave pending treatment, at the discretion of the employer, and so long as the employee advised the Superintendent of use or abuse of drugs prior to occurrence of reasonable suspicion.

11-8-27 - 11-8-29 RESERVED.

DIVISION III – COMPUTER USAGE POLICY

11-8-30 COMPUTER USAGE PROCEDURE. Routinely all personnel will have access to a computer. The following procedures must be adhered to:

(A) All employees will only use the “Log-in ID”, “User ID” and “Passwords” assigned to them, i.e. use of a supervisor “User ID” and “Passwords” by a line officer is prohibited unless authorized by the Administration. Use is a privilege, not a right, which may be suspended or terminated by Mayor when, in his/her judgment, this policy has been violated by the user.

No employee is authorized to share their “password” with anyone except the Supervisor assigned to overlook all passwords in the department.

(B) It is not permissible to use village computers and equipment in any inappropriate manner, such as to disgrace the department or a fellow employee. It is forbidden to use profanity or vulgar language on any department computer equipment.

(C) Only floppy disks which are requisitioned from the storerooms and the data processing department are authorized to be used in department computers. No outside floppy disks will be authorized to be used except with permission from Administration.

(D) No employee shall be allowed to do personal work at his or her village computer. This is with or without the use of any floppy disk.

(E) No employee shall be allowed to copy any village or department document to a floppy disk and use it outside the office without permission from Administration.

(F) No employee shall be allowed to have any unauthorized programs, utilities, games or files on their village PC.

(G) Any variance from the above procedures shall have prior Administration permission.

Information and data maintained in the electronic media on village computer system are protected by the same laws and policies, and are subject to the same limitations, as information and communications in other media. Said information and data are the property of the Village.

Before storing or sending confidential or personal information, users should understand that most materials on Village system are, by definition, public records. As such, they are subject to laws and policies that may compel the Village to disclose them. The privacy of the materials kept in electronic data storage and electronic mail is neither a right nor is it guaranteed.

DIVISION IV – ELECTRONIC COMMUNICATIONS

11-8-35 POLICY; INTRODUCTION/PURPOSE. This policy is intended to serve as a guide on the proper use of the municipal electronic communication systems. This policy covers the use of all forms of electronic communications, including but not limited to e-mail, voice mail, fax machines, external bulletin boards, Intranet and the Internet, and applies to all users. Users are expected to read, understand and follow the provisions of this policy and will be held responsible for knowing its contents. Use of the electronic communication system constitutes acceptance of this policy and its requirements.

The Village provides electronic mail (e-mail) and/or Internet access to Elected Officials and Staff who need it to perform the functions of their position. The purpose of this document is to communicate to all personnel their responsibility for acceptable use of the Internet and e-mail (whether sent over the Internet or over the Village’s own network). Policies and procedures are also outlined for the disclosure and monitoring of the contents of e-mail messages stored in the system when required.

The Village’s objectives for Employees to use e-mail and/or the Internet include:

(A) Exchanging information more efficiently than by telephone or written memorandum;

- (B) gathering information and performing research for departments; and
- (C) reducing the handling of paper copy.

11-8-36 POLICY DEFINITIONS. As used in this Policy, the terms listed below shall be defined as follows:

- (A) **Electronic Mail (E-Mail).** Electronic mail may include non-interactive communication of text, data, image, or voice messages between a sender and designated recipient(s) by systems utilizing telecommunications links. It may also include correspondence transmitted and stored electronically using software facilities called "mail", "facsimile", "messaging" systems or voice messages transmitted and stored for later retrieval from a computer system.
- (B) **Encryption Software.** Proprietary software that changes information from its native state to an unrecognizable coded state that can only be returned to its native state with special software.

EMPLOYEE POLICIES 11-8-

37

- (C) **Internet.** A worldwide network of networks, connecting informational networks communicating through a common communications language or "Protocol".
- (D) **Intranet.** An in-house web site that serves the users of the Village. Although Intranet pages may link to the Internet, an Intranet is not a site accessed by the general public.
- (E) **World Wide Web.** An Internet client-server distributed information and retrieval system based upon hypertext transfer protocol (http) that transfers hypertext documents that can contain text, graphics, audio, video, and other multimedia file types across a varied array of computer systems.
- (F) **Users.** Elected Officials, Department Heads, Employees, Volunteers, Contractors and Consultants.
- (G) **Firewall.** An electronic device used to protect private networks from unauthorized access from users on the Internet.

11-8-37 OWNERSHIP. The electronic communication system is the property of the Village. All computer equipment, computer hardware and computer software provided by the Village are the property of the Village. All communications and information transmitted by, received from, or stored in these systems are the property of the Village.

11-8-38 USE OF ELECTRONIC COMMUNICATIONS. The Village's electronic communications systems, including e-mail and the Internet, are intended for Village business use only. Personal uses of the Internet and e-mail systems are prohibited. The Village reserves the right to use filtering software to block access to Internet sites that are considered inappropriate or non-productive. The filtered sites shall be reviewed and approved by the Mayor.

Before using these systems, all users shall understand that any information that is created, sent, received, accessed or stored in these systems shall be the property of the Village and shall not be private. If a User is permitted to use electronic communication systems, such use shall not violate any section of this policy or interfere with user's work performance.

Users shall use the same care and discretion when writing e-mail and other electronic communications as they would with any formal written communication. Any messages or information sent by users to other individuals via electronic communication systems, such as the Internet or e-mail, are statements identifiable and attributable to the Village. Consequently, all electronic communications sent by users shall be professional and comply with this policy.

11-8-39 PROHIBITED COMMUNICATIONS. Under no circumstances may any user operate the Village's electronic communications systems for creating, possessing, uploading, downloading, accessing, transmitting or distributing material that is illegal, sexually explicit, discriminatory, defamatory or interferes with the productivity of coworkers. Specifically prohibited communications include, but are not limited to, communications that promote or transact the following: illegal activities; outside business interests;

malicious use; personal activities (including chat rooms); jokes; political causes; football pools or other sorts of gambling; recreational games; the creation or distribution of chain letters; list servers for non-work purposes; "spams" (mailing to a large number of people that contain unwanted solicitations or information); sexual or any other form of harassment; discrimination on the basis of race, creed, color, gender, religion or disability; or for solicitations or advertisements for non-work purposes. Users may not engage in any use that violates copyright or trademark laws.

Also prohibited is any activity that could negatively impact public trust and confidence in the Village or create the appearance of impropriety.

Users are also prohibited from posting information, opinions or comments to Internet discussion groups (for example: news groups, chat, list servers or electronic bulletin boards). Under no circumstances may any user represent their own views as those of the Village.

Users may not disclose confidential or sensitive information. Personal information such as the home addresses, phone numbers, and social security numbers of Elected Officials or Employees should never be disclosed on the Internet.

11-8-40 NO PRESUMPTION OF POLICY. Although users may use passwords to access some electronic communication systems, these communications should not be considered private. Users should *always assume* that any communications, whether business-related or personal, created, sent, received or stored on the Village's electronic communication systems may be read or heard by someone other than the intended recipient.

EMPLOYEE POLICIES 11-8-

41

Users should also recognize that e-mail messages deleted from the system may still be retrieved from the computer's back-up system when requested by authorized personnel. Consequently, messages that were previously deleted may be recreated, printed out, or forwarded to someone else without the user's knowledge.

11-8-41 VILLAGE'S RIGHT TO MONITOR USE. Under authorization of the Mayor, the Village may monitor, intercept, access, and disclose all information created, sent, received, or stored on its electronic communication systems at any time, with or without notice to the user. The contents of computers, voice mail, e-mail and other electronic communications will be inspected when there are allegations that there have been breaches of confidentiality, security, or violations of this Electronic Communications Policy. These inspections will also be conducted when it is necessary to locate substantive information that is not readily available by less intrusive means. Before providing access to store electronic communications such as e-mail messages, written authorization will be required from the Mayor.

The contents of the computers, voice mail, e-mail and other electronic communications may be turned over to the appropriate authority when there are allegations that there have been violations of law.

In addition, the Village will regularly monitor and maintain a log of the user's Internet access, including the type of sites accessed, the name of the server, and the time of day that access occurs. The Mayor will have access to this log upon request. They may use this information that was obtained through monitoring as a basis for employee discipline.

The Mayor may authorize individuals for investigative purposes to engage in activities otherwise prohibited by this policy.

11-8-42 PROHIBITED ACTIVITIES. Users shall not download software programs of any kind. No software is to be installed on Village computers without the approval of the Village Board. Users may not upload, download, or otherwise transmit copyrighted, trademarked, or patented material; trade secrets; or confidential, private or proprietary information or materials. Users may not use the Village's electronic communication systems to gain unauthorized access to remote computers or other systems or to damage, alter, or disrupt such computers or systems in any way, nor may users use someone else's code or password or disclose anyone's code or password including their own. It is a violation of this policy for users to intentionally intercept, eavesdrop, record or alter another person's Internet and e-mail messages.

Users may not allow unauthorized individuals to have access to or use the Village's electronic communication systems, or otherwise permit any use that would jeopardize the security of the Village's electronic communication systems. Also, users may not post an unauthorized home page or similar web site.

Users may not make unauthorized commitments or promises that might be perceived as binding the Village. Users must use their real names when sending e-mail messages or other electronic communications and may not misrepresent, obscure or in any way attempt to subvert the information necessary to identify the actual person responsible for the electronic communication. Sending an e-mail message under a fictitious or false name is a violation of this policy. Likewise, using another user's account or login ID constitutes a violation of this policy.

11-8-43 PASSWORDS. Each user will maintain a unique password. Users must keep their passwords confidential and must never leave their computers unattended when logged into the system. Passwords shall be changed whenever a password may have been compromised or revealed or when the computer security system requests a new password.

Directories of user e-mail addresses may not be made available for public access. No visitors, contractors or temporary employees may use the Village's e-mail without prior written authorization from the Mayor.

11-8-44 INTERNET USAGE. Access to the Internet from any PC connected to the Village's network is only allowed in accordance with this policy. Alternate methods of Internet access, such as using a modem to access a personal dial-up Internet account is prohibited as it may compromise the Village's network security exposing it to potential harm from computer hackers.

Sessions on the Internet are logged automatically in exactly the same way that phone numbers are logged in the phone system. Do not use the Internet for tasks that you would not want to be logged.

EMPLOYEE POLICIES 11-8-45

Web browsers leave "footprints" providing a trail of all site visits. Do not visit any site where you would be reluctant to leave your name and work locations.

Use appropriate judgment before filling out a form included in a Web page. The form shall pass through many interconnecting computers and networks before reaching its destination. Other individuals will be able to eavesdrop on it. Personal or valuable information on the form may not remain confidential. Under no circumstances should you ever put a Social Security number on the Internet.

An Internet message sent from the Village's address constitutes a Village communication; therefore, it should be composed and structured correctly. Whenever possible, spell check messages prior to transmission, especially when sending to a non-Village address.

Sending e-mail from the Village's address can be likened to sending a letter on Village letterhead. Messages may be forwarded by the recipient to others, printed in a location where others may view the message, and/or directed to the wrong recipient. Also, computer forensic experts can often retrieve e-mail previously deleted. An ill-considered remark can return to haunt the sender later.

Be courteous and follow generally accepted standards of etiquette. Protect others' privacy and confidentiality. Consider the Village's needs before sending, filing, or destroying e-mail messages. Remove personal messages, temporary records and duplicate copies in a timely manner.

11-8-45 RECORDS RETAINED. Certain significant types of e-mail messages or their attached files may be considered records and should be retained if required by the Village's record-retention policies. Examples of messages sent by e-mail that may constitute records include:

- (A) policies and directives;
- (B) correspondence or memoranda related to official business;
- (C) work schedules and assignments;
- (D) agendas and minutes of meetings;
- (E) drafts of documents that are circulated for comment or approval;
- (F) any document that initiates, authorizes, or completes a business transaction; and
- (G) final reports or recommendations.

11-8-46 RECORDS DISPOSAL. The content and maintenance of a user's electronic mailbox are the user's responsibility. The content and maintenance of a user's disk storage area are the user's responsibility. Each user should review his/her electronic records for deletion every **thirty (30) days**.

Messages of transitory or little value that are not normally retained in record-keeping systems should be regularly deleted. Informational messages, such as meeting notices, reminders, informal notes, and telephone messages should be deleted once the administrative purpose is served. If it is necessary to retain any e-mail message for an extended period, transfer it from the e-mail system to an appropriate electronic or other filing system. With the approval of the Mayor, the Village Clerk or one of his/her staff members designated by him/her is permitted to remove any information retained in an e-mail system for more than **thirty (30) days**.

11-8-47 ACCESSING USER E-MAIL DURING ABSENCE. During a user's absence, the Mayor may authorize the Village Clerk to access the user's e-mail messages and electronic Internet records without the consent of the user when necessary to carry out normal business functions.

11-8-48 FIREWALLS AND NETWORK PROTECTION. Firewalls and other devices to ensure the safety of the Village private network will be installed to protect all Village Electronic Communication Systems. Local governments are often targets of hackers and unauthorized intrusions because of the unique types of information stored on their systems. For this reason, the Village takes a *very cautious* approach to security regarding the Internet and e-mail. Policies to ensure the security of the system include, but are not limited to: blocking access to certain Internet sites; filtering out potentially threatening e-mail attachments; filtering out dangerous types of web pages including Java Script, and ActiveX programs. Other methods of security may be deployed as new threats are discovered.

Any attempts to bypass or disable the security features installed by the Village will be in violation of this policy and may result in disciplinary action.

11-8-49 PASSWORD PROTECTION. Users should use caution when using encryption software or password protecting their files. Password protected files cannot be retrieved without the necessary password. The Village is not responsible for any lost, damaged or inaccessible files that result from password protection.

EMPLOYEE POLICIES 11-8-

50

11-8-50 VIRUSES AND TAMPERING. Any files downloaded from the Internet must be scanned with virus detection software before installation and execution. All computers designated as having access to the Internet and e-mail must have virus detection software installed on them. Users may not deliberately disable the virus protection capabilities of these systems. The intentional introduction of viruses, attempts to breach system security, or other malicious tampering with any of the Village's electronic communication systems is expressly prohibited. Users must immediately report any viruses, tampering or other system breaches to the Mayor or a designated officer.

Many viruses are transmitted through the e-mail system as attachments. Caution should be practiced prior to the accessing of any attachments to e-mail messages. Never access any unexpected attachments without verifying the source and reason for it, even if you recognize the sender of the e-mail. It is common practice for hackers to alter the source of an e-mail in an attempt to spread a virus.

11-8-51 DISCLAIMER OF LIABILITY FOR USE OF THE INTERNET. The Village is not responsible for material viewed or downloaded by users from the Internet. The Internet provides access to a significant amount of information, some of which contains offensive, sexually explicit and inappropriate material. It is difficult to avoid contact with this material; therefore, users of the Internet do so at their own risk.

11-8-52 DUTY NOT TO WASTE ELECTRONIC COMMUNICATIONS RESOURCES. Users must not deliberately perform actions that waste electronic communication resources or unfairly monopolize resources to the exclusion of other users. This includes, but is not limited to, subscribing to list servers, mailing lists or web sites not directly related to the user's job responsibilities; spending nonproductive time on the Internet; and doing large non-work related file downloads or mass mailings. Electronic communication resources are limited and users have a duty to conserve these resources.

11-8-53 E-MAIL ADDRESSES. The Village reserves the right to keep a user's e-mail address active for a reasonable period of time following the user's departure to ensure that important business communications reach their respective department.

11-8-54 FREEDOM OF INFORMATION ACT REQUESTS. The Village will not accept Freedom of Information Act (F.O.I.A.) requests from the public via the Internet. If a citizen e-mails an F.O.I.A. request to a user, the employee should notify the citizen that these requests must be made in writing in compliance with the Freedom of Information Code. **(See Chapter 22)**

11-8-55 USE OF CREDIT CARDS ON THE INTERNET. Before making purchases on the Internet, users who are authorized to use Village credit cards must ensure that they are using a secured site. The Village recommends that users do not use their credit cards over the Internet and expressly disclaims responsibility for any loss or damages that results from credit card usage over the Internet.

11-8-56 VIOLATIONS. Violations of this policy may subject employees to disciplinary action ranging from the removal of electronic communication privileges to dismissal from employment. Village employees who observe violations of this policy are obligated to report the violations to the Mayor or Village Clerk.

11-8-57 POLICY CHANGES. The Village reserves the right to change this policy at any time with notice. Nothing in this policy is intended or should be construed as an agreement and/or a contract expressed or implied. Policy changes will be disseminated electronically or in written form within **forty-eight (48) hours** of taking effect after an ordinance has been adopted.

ARTICLE IX - RIGHTS OF EMPLOYEES

11-9-1 PERSONNEL FILE. Employees are allowed to look at their own personnel files during normal business hours. Persons wishing to view their own file shall file a written request with the Mayor or the Village Clerk. A copy of the request shall be placed in the employee's personnel file. Nothing should be placed in an employee's personnel file nor shall anything be removed from the file without the consent of the Mayor and Village Board. Records of prior grievances and discipline action shall be maintained in the

EMPLOYEE POLICIES 11-9-2

employee's personnel file. The final decision to remove items lies within the discretion of the Mayor and the Village Board.

11-9-2 REFERENCES. Employees or former employees have the right to obtain references or recommendations. Such references shall provide the applicable date of hire and the last date employed, and a general description of the applicable job duties. Additional comments concerning the employee or former employee's job performance dependability lies within the sound discretion of the Superintendent.

11-9-3 SAFETY. The Superintendent shall implement any safety procedures adopted by the Village, and employees shall comply with any of the safety procedures.

All employees are directed to report any hazardous conditions to their supervisor immediately.

Due to the open-office design of many department buildings, it is impossible to provide security for personal belongings left unattended. Employees are advised to keep their wallets, purses, etc. in their possession at all times. The Municipality cannot be responsible for losses due to theft.

ARTICLE X - RIGHTS OF EMPLOYER

11-10-1 VILLAGE'S RIGHTS. The employee recognizes that the Village possesses the exclusive right to operate and direct the employees of the Village in all aspects, including, but not limited to, all rights and authority granted by law.

The employee further recognizes that this Code is not a binding contract between the Village and the employee. Nothing contained in this Code shall be construed as creating an employment agreement between the Village and its employees from time to time.

11-10-2 NEW REGULATIONS. The Village has the right to unilaterally create new employment policies and regulations not mentioned in this Code, and to change provisions of this Code without approval or consent of the employees of the Village.

11-10-3 MANAGEMENT RESPONSIBILITIES. The employer has the ultimate responsibility for proper management including but not limited to responsibilities and the right for the following:

(A) To maintain executive management and administrative control of the department and its property, facilities and staff.

(B) To hire all employees and to determine their qualifications and the conditions for their continued employment or their dismissal or demotion.

(C) To direct, supervise, promote, suspend, discipline, terminate, assign and schedule employees.

(D) To relieve employees from duties because of a lack of work or funds, or under conditions where continued work would be inefficient or nonproductive or under conditions as may be deemed necessary or advisable by the department.

(E) To determine services to be rendered, operations to be performed, utilization of technology and budgetary matters.

(F) To determine the methods, processes, means, job classifications and personnel by which the operations of the department are to be conducted.

It is recognized that the employer normally exercises most of the powers, rights, authorities, duties and responsibilities through and with the cooperation of the administrative staff.

11-10-4 LENGTH OF SERVICE. Length of service is defined as the length of continuous service of an employee since the employee's last date of hire with the Village within the employee's department. In the event an employee is transferred from or to another department of the Village, the employee's total continuous employment with the Village will be used as the basis for vacation and sick leave only.

An employee's continuous service record shall be broken by voluntary resignation or discharge. If such continuous service is broken due to curtailment of operation, said employee shall be considered on layoff.

**ARTICLE XI – SEXUAL HARASSMENT POLICY
(Ordinance No. 2017-972 12/18/2017
Revised Ordinance No. 2018-982
Revised by Ordinance 2020-1005)**

11-11-1 PROHIBITION ON SEXUAL HARASSMENT. It is unlawful to harass a person because of that person's sex. The courts have determined that sexual harassment is a form of discrimination under Title VII of the U.S. Civil Rights Act of 1964, as amended in 1991. All persons have a right to work in an environment free from sexual harassment. Sexual harassment is unacceptable misconduct which affects individuals of all genders and sexual orientations. It is a policy of the Village of Cobden to prohibit harassment of any person by any municipal official, municipal agent, municipal employee, municipal agency or municipal office on the basis of sex or gender. All municipal officials, municipal agents, municipal employees and municipal agencies or municipal offices are prohibited from sexually harassing any person, regardless of any employment relationship or lack thereof.

11-11-2 DEFINITION OF SEXUAL HARASSMENT. This policy adopts the definition of sexual harassment as stated in the Illinois Human Rights Act, which currently defines sexual harassment as:

Any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

- (1) Submission to such conduct is made a term or condition of an individual's employment, either explicitly or implicitly; or
- (2) Submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or
- (3) Such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Conduct which may constitute sexual harassment includes, but is not limited to:

- Verbal Harassment: sexual innuendos, suggestive comments, insults, humor, and jokes about sex, anatomy or gender-specific traits, sexual propositions, threats, repeated requests for dates; or statements of a sexual nature about other employees, even outside of their presence,

- Non-verbal Harassment: suggestive or insulting sounds (whistling), leering, obscene gestures, sexually suggestive bodily gestures, “catcalls”, “smacking” or “kissing” noises.
- Visual: posters, signs, pin-ups or slogans of a sexual nature, viewing pornographic material or websites.
- Physical Harassment: touching, unwelcome hugging or kissing, pinching, brushing the body, any coerced sexual act or actual assault.
- Textual/Electronic Harassment: “sexting” (electronically sending messages with sexual content, including pictures and video), the use of sexually explicit language, harassment, cyber stalking and threats via all forms of electronic communication (e-mail/text/picture/video messages, intranet/online postings, blogs, instant messages and posts on social network websites, like Facebook and Twitter).

The most severe and overt forms of sexual harassment are easier to determine. On the other end of the spectrum, some sexual harassment is more subtle and depends, to some extent, on individual perception and interpretation. The courts will assess sexual harassment by a standard of what would offend a “reasonable person.”

11-11-3 PROCEDURE FOR REPORTING AN ALLEGATION OF SEXUAL HARASSMENT. An employee who either observes sexual harassment or believes herself/himself to be the object of sexual harassment should deal with the incident(s) as directly and firmly as possible by clearly communicating her/his position to the offending employee, and her/his immediate supervisor. It is not necessary for sexual harassment to be directed at the person making the report.

EMPLOYEE POLICIES 11-11-

4

Any employee may report conduct which is believed to be sexual harassment, including the following:

- *Electronic/Direct Communication.* If there is sexual harassing behavior in the workplace, the harassed employee should directly and clearly express her/his objection that the conduct is unwelcome and request that the offending behavior stop. The initial message may be verbal. If subsequent messages are needed, they should be put in writing in a note or a memo.
- *Contact with Supervisory Personnel.* At the same time direct communication is undertaken, or in the event the employee feels threatened or intimidated by the situation, the problem must be promptly reported to the immediate supervisor of the person making the report, a department head, a director of human resources, an ethics officer, the city manager or administrator, or the chief elected official of the municipality.

The employee experiencing what she/he believes to be sexual harassment must not assume that the employer is aware of the conduct. If there are no witnesses and the victim fails to notify a supervisor or other responsible officer, the municipality will not be presumed to have knowledge of the harassment.

- *Resolution Outside Municipality.* The purpose of this policy is to establish prompt, thorough and effective procedures for responding to every report and incident so that problems can be identified and remedied by the municipality. However, all municipal employees have the right to contact the Illinois Department of Human Rights (IDHR) or the Equal Employment Opportunity Commission (EEOC) for information regarding filing a formal complaint with those entities. An IDHR complaint must be filed within 300 days of the alleged incident(s) unless it is a continuing offense. A complaint with the EEOC must be filed within 300 days.

Documentation of any incident may be submitted with any report (what was said or done, the date, the time and the location), including, but not limited to, written records such as letters, notes, memos and telephone messages.

All allegations, including anonymous reports, will be accepted and investigated regardless of how the matter comes to the attention of the municipality. However, because of the serious implications of

sexual harassment charges and the difficulties associated with their investigation and the questions of credibility involved, the claimant's willing cooperation is a vital component of an effective inquiry and an appropriate outcome.

11-11-4 PROHIBITION ON RETALIATION FOR REPORTING SEXUAL HARASSMENT ALLEGATIONS

No municipal official, municipal agency, municipal employee or municipal agency or office shall take any retaliatory action against any municipal employee due to a municipal employee's or official's:

1. Disclosure or threatened disclosure of any violation of this policy; or
2. Providing information related to an investigation or testimony before any public body conducting an investigation, hearing or inquiry into any violation of this policy; or
3. Assistance or participation in a proceeding to enforce the provisions of this policy.

For the purposes of this policy, retaliatory action means the reprimand, discharge, suspension, demotion, denial of promotion or transfer or change in the terms or conditions of employment of any municipal employee that is taken in retaliation for a municipal employee's or official's involvement in protected activity pursuant to this policy.

No individual making a report will be retaliated against even if a report made in good faith is not substantiated. In addition, any witness will be protected from retaliation.

Similar to the prohibition against retaliation contained herein, the State Officials and Employees Ethics Act (5 ILCS 430/15-10) provides whistleblower protection from retaliatory action, and this policy prohibits retaliatory action such as reprimand, discharge, suspension, demotion, or denial of promotion or transfer that occurs in retaliation for an employee who does any of the following:

EMPLOYEE POLICIES 11-11-

5

1. Discloses or threatens to disclose to a supervisor or to a public body an activity, policy, or practice of any officer, member, agency, or other employee that the employee reasonably believes is in violation of a law, rule, or regulation; or
2. Provides information to or testifies before any public body conducting an investigation, hearing or inquiry into any violation of a law, rule, or regulation by any officer, member, agency or other employee, or
3. Assists or participates in a proceeding to enforce the provisions of the State Officials and Employees Ethics Act or this policy.

Pursuant to the Whistleblower Act (740 ILCS 174/15(a)), an employer may not retaliate against an employee who discloses information in a court, an administrative hearing, or before a legislative commission or committee or in any other proceeding, where the employee has reasonable cause to believe that the information discloses a violation of a state or federal law, rule or regulation. In addition, an employer may not retaliate against an employee for disclosing information to a government or law enforcement agency, where the employee has reasonable cause to believe that the information discloses a violation of a state or federal law, rule or regulation. (740 ILCS 174/15(b)).

According to the Illinois Human Rights Act (775 ILCS 5/6-101), it is a civil rights violation for a person, or for two or more people to conspire to retaliate against a person because she/he has opposed that which she/he reasonably and in good faith believes to be sexual harassment in employment, because she/he has made a charge, filed a complaint, testified, assisted or participated in an investigation, proceeding, or hearing under the Illinois Human Rights Act.

An employee who is suddenly transferred to a lower paying job or passed over for a promotion after filing a complaint with IDHR or EEOC, may file a retaliation charge within 300 days of the alleged retaliation.

11-11-5 CONSEQUENCES OF A VIOLATION OF THE PROHIBITION ON SEXUAL HARASSMENT.

In addition to any and all other discipline that may be applicable pursuant to municipal policies, employment agreements, procedures, employee handbooks and/or collective bargaining agreements, any person who violates this policy or the Prohibition on Sexual Harassment contained in 5 ILCS 430/5-65, may be subject to a fine of up to \$5,000 per offense, applicable disciplinary actions or

discharge by the municipality and any applicable fines and penalties established pursuant to local ordinance, state law or federal law. Each violation may constitute a separate offense. Any discipline imposed by the municipality shall be separate and distinct from any penalty imposed by an ethics commission and any fines or penalties imposed by a court of law or a state or federal agency.

11-11-6 CONSEQUENCES FOR KNOWINGLY MAKING A FALSE REPORT. A false report is a report of sexual harassment made by an accuser to accomplish an outcome other than stopping sexual harassment or stopping retaliation for reporting sexual harassment. A false report is not a report made in good faith which cannot be proven. Given the seriousness of the consequences for the accused, a false or frivolous report is a severe offense that can itself result in disciplinary action. Any person who intentionally makes a false report alleging a violation of any provision of this policy shall be subject to disciplinary action or discharge pursuant to applicable municipal policies, employment agreements, procedures, employee handbooks and/or collective bargaining agreements.

In addition, any person who intentionally makes a false report alleging a violation of any provision of the State Officials and Employees Ethics Act to an ethics commission, an inspector general, the Illinois State Police, a State's Attorney, the Attorney General, or any other law enforcement official is guilty of a Class A misdemeanor. An ethics commission may levy an administrative fine of up to \$5,000 against any person who intentionally makes a false, frivolous or bad faith allegation.

ARTICLE XII - DISCIPLINE

11-12-1 PROCEDURE. The formal disciplinary process is a five step procedure, but dismissal may occur at any step in the process. 11-12-3 WRITTEN REPRIMAND. A written reprimand informs an employee of unsatisfactory conduct, attitude or performance.
